1. *As you read in the cover letter to this survey, Legislative action is required to change the way we select Supreme Court justices, would you support a legislative effort to make such changes?*

YES  NO

**Comments**

Mike Cole, "I would support S. 55-A, as passed in the Senate, which brings reform to the process."

2. *Do you support holding public hearings to determine how to best amend our laws governing the selection of Supreme Court judicial candidates?*

YES  NO

**Comments**

Mike Cole, "I would welcome testimony from expert witnesses, the public, academicians, and judicial candidates."

3. *The method of selecting judges in New York State has a direct and significant impact on the fair and efficient administration of justice. The Committee for Modern Courts believes that an appointive system represents the best method of limiting external pressures on judicial selection and diminishes the role of money and politics on the process. Would you favor replacing the present elective system for New York State Supreme Court justices with an appointive system in which a nonpartisan judicial qualification commission in each judicial district recommends well-qualified candidates?*

YES  NO

*Comments*

Mike Cole, "I believe the people should be given the chance to vote for S.C. Justices. An appointive system lends itself to "back door" politicking that often perverts the democratic process."

- 4. *Until the Legislature enacts new laws, Supreme Court judicial candidates will be selected at open primaries. The undue influence of campaign contributions on judicial candidates would be enhanced in an open primary system. Would you support legislation that provides for public financing of judicial campaigns?*

YES  NO

*Comments*

Mike Cole, "I do not believe in adding this additional expense onto the taxpayers."

- 5. *The Feerick Commission recommended a series of reforms to the current elective system that might address the constitutional issues found by the Appeals Court in Lopez Torres (see cover letter). Included in the Feerick Commission recommendations, are reforms of the judicial nominating conventions. The reforms are designed to increase the participation and knowledge of delegates to the convention. They include:*

- o *providing for the election of judicial delegates long before the conventions,*
- o *decreasing the number of delegates,*
- o *extending the term a delegate maintains his/her position,*
- o *decreasing the petition signatures required for a delegate, and*
- o *allowing judicial candidates to address the delegates at the convention.*

*Would you support legislation that would include some or all of these recommendations?*

YES  NO

*Comments*

- 6. *Would you support another recommendation of the Feerick Commission: legislation establishing independent judicial qualifying commissions composed of appointees of local bar/civic, not for profit organizations, and law schools or local colleges or universities that would review judicial candidates and report its findings of "most qualified" directly to the delegates and the voters?*

YES  NO

**Comments**

Mike Cole, “**Independent review/rating is both important and informative for our community’s voters.**”

7. *Other elected judges in New York State include County Court, Surrogate Court, Family Court (outside of New York City), New York City Civil Court, District Court and City Court judges. Would you support the creation of independent judicial qualification commissions to review the qualifications of those judicial candidates?*

YES  NO

**Comments**

Mike Cole, “**See comment above.**”

8. *Please circle and comment on which of the following components of our court system are important to the members of your community.*

- Jury Duty
- Court Facilities
- Judges
- City Court
- Family Court
- Supreme Court
- Village or Town Courts

**Comments**

Mike Cole, “**All are very important, but most people experience our Judicial system in the various Justice courts.**”
